

## SCRUM BOARD

The screenshot displays the Jira Software interface for a Scrum Board. The browser tabs at the top include 'Inbox (3,272) - aishw...', 'IBM', 'MIT App Inventor', 'Implement ListPicker', 'WhatsApp', and 'GLMAS board - Agile...'. The Jira URL is 'aisha195.atlassian.net/jira/software/projects/GLMAS/boards/1'. The left sidebar shows the project 'Gas Leakage Monitoring and Alerting System' with navigation options: Planning (Roadmap, Backlog, Board), Development (Code, Project pages, Add shortcut, Project settings), and a note 'You're in a team-managed project'. The main area is titled 'All sprints' and shows a sprint progress bar. Below the progress bar, three columns represent the sprint workflow: 'IN PROGRESS 1 ISSUE' (containing 'GLMAS-9' with a 'NOTIFICATION' label), 'DONE 1 ISSUE' (containing 'GLMAS-8' with a 'TESTING AND TRAINING' label), and 'IN REVIEW 3 ISSUES' (containing 'GLMAS-1' with a 'REGISTRATION' label, 'GLMAS-2' with a 'REGISTRATION' label, and 'The owner can take necessary' with a 'REGISTRATION' label). A 'Quickstart' panel on the right offers steps: 'Create a project', 'Customize your board', 'Create an issue', 'Invite your teammates', 'Connect your tools', and 'Get the mobile app'. The bottom status bar shows '26°C Haze', a search bar, and the date '20:22 17-11-2022'.
